JAUME LABRO

1 If you measure the size, using already and existing ring you will use a mandrel ring ring sizer. The correct way to measure will be from the ring leading edge. Where that edge reaches it will be the size. We can do half 1/2 sizes also.

2 Ring sizer gauges. Left: Gauge for rings until 5.5mm width. Right: Gauge for rings from 6mm width.

3 Ring sizer gauges. Left: Gauge for rings until 5.5mm width. Right: Gauge for rings from 6mm width.
